

## The new LDK 90 CCD camera takes the fear out of even the most difficult situations

Lags, burn-in, smears – everyday horrors a cameraman had to face. Until now. The new BTS LDK 90 camera with high resolution frame transfer CCD's sets new standards for ENG cameras. With not just superior picture quality, but the best obtainable. Negligible registration error, perfect geometry, uniform corner-to-corner sharpness, no comet-tailing, no microphonics. Quick-fit adaptors allow the camera

to be used for on-camera recording (Betacam and other professional systems) and for EFP and studio use. There is microprocessor control, a new operational menu system and a very wide range of viewfinder indicators. For the cameraman an excellent view over the camera, low profile, low weight, a flat base, control protection, rugged construction, – all add to ease-of-use.

These facts combine to put an end to the everyday horrors of television production.
