

TV Camera of the Sixties!

Distinctive silhouette of "TK-60", television studio camera that's years ahead in performance.

After five years of intensive development and two years of field testing, the TK-60 advanced studio TV camera is here! Big picture 4½" image orthicon pickup tube combines with stabilized circuits, ease of camera set-up, and simplicity of operation to make it every inch the TV Camera for the "sixties". Here's a great new monochrome camera that's sure to be a success with producers and station-men alike! The TK-60 produces pictures of sensationally new quality...over extended periods, without alignment delays. You can control contrast and mood as never before. You can produce tapes and live commercials that show the client's product in sparkling, life-like detail, with effects not possible on any other camera. Where striking picture quality can mean stepped-up product sales, this is the camera that "says it" and "sells it" best! For more information on the RCA TK-60 Camera, write to Radio Corporation of America, Bureau de Controle 13, Quai de L'ile, Geneva, Switzerland; or RCA International Division, 30 Rockefeller Plaza, New York 20, N.Y., U.S.A.
